**Hurricane Ian update from Lee County: Tolls**

Fort Myers, FL, Oct. 25, 2022 – Lee County will resume normal toll operations on two of its three bridges beginning at 6 a.m. Tuesday, Nov. 1.

Tolls have been suspended since shortly before Hurricane Ian's landfall Sept. 28. The county announced the suspension in tandem with the state's announcement of tolls being suspended at state toll plazas. The state resumed normal toll collections earlier today, Oct. 25.

Beginning Nov. 1, only the Cape Coral Bridge and the Midpoint Bridge will resume toll collections. No tolls will be collected on the Sanibel Causeway until further notice.
