RECYCLING PROGRAM:

The State of Florida recognizes that proper disposal of used carpet is a concern for all individuals living and working in the state of Florida. Some landfills no longer accept carpet or carpet materials for land-filling. The contractor shall advise the contract user of the method of disposal of all materials removed from the job site and agrees to abide by all state and local carpet disposal regulations. All recycling efforts are encouraged.

C&A has a fully operational recycling program to recycle any vinyl-backed product we sell. We recycle 100% of the material we bring back in our in-house manufacturing facility. We provide written warranty, signed by an officer of the company that no material will be land-filled or incinerated.

PLEASE CONTACT THE MANUFACTURER'S REPRESENTATIVE FOR INFORMATION ON THEIR RECYCLING PROGRAM AND EFFORTS.
