Agenda Item Summary**

Blue Sheet No. 20060483

1. ACTION REQUESTED/PURPOSE: Approve purchase awards for the Reconfiguration Project for the second and third floors of the County/City Annex to include: Formal Quotation no.: EX060406 from the State of Florida Contract no.: 425-001-06-1 for the purchase of office furniture from Herman Miller, to include design and installation, for the cost of \$196,146.85; Informal Quotation IT060407 for the voice and data cabling from Building Network Solutions for the amount of \$40,550.00; Internal remodel work for counters, etc. for \$15,000.00; For future configuration and furniture of three conference rooms for \$50,000.00; and 10% for incidentals, to include but not limited to: internal signage, Muzak relocation, temporary moving services, additional cleaning services, etc. Total project cost is estimated to be \$331,867.00 of which \$175,000.00 in funds have already been transferred from bluesheet #20060159 (2/28/06 agenda), so an additional \$156,867.00 in funds from reserves is requested at this time.

2. WHAT ACTION ACCOMPLISHES: Provides workstations and a more efficient work flow to accommodate additional staff hired over the last two years for the record number of building inspections, and additional code enforcement.

3. MANAGEMENT RECOMMENDATION: Approve as stated.

		8. Request Initiated: Commissioner _____ Department <u>Community Development</u> Division <u>M. Gibbs</u> By: <u>Mary Gibbs, Director</u>

9. Background: The explosive permit growth, and resulting increased building inspections, have required adding 24 more Inspector positions since 10/01/05. This requires a total reconfiguration of the existing second floor to accommodate the additional staff that has been hired, once Code Enforcement moves to the third floor. Both codes and Inspections will have some room for future expansion once the reconfiguration is complete. A counter will be added to the third floor for Code Enforcement customers, and additional cabling is needed for data services. These changes have been endorsed by the Building Industry Oversight Committee.

Upon transfer, funds will be available in accounts: LC5241015501 – Community Development/Building Inspections/MSBU Building Reserves/Misc. object codes, and LC5241115500 – Community Development/Code Enforcement/Unincorporated Area MSTU/Misc. object codes.

Subject: Bluesheet request

Please prepare a bluesheet on behalf of Community Development for the reconfiguration of the second and third floors of the County/City Annex. This project involves reconfiguring the third floor for Code Enforcement's move to fill the space vacated by Public Safety, and for Building Inspections to expand into the space vacated by Codes on the second floor. If you have any questions, please contact Peter Cloutier at 479-8512.

Action Requested: Approve purchase awards for the Reconfiguration Project for the second and third floors of the County/City Annex, to include: State Contract purchase of Herman Miller office furniture, to include design and installation, of \$196,146.85; informal quote on phone/data cabling from BNS for \$40,550; Internal remodel work for counters, etc. for \$15,000; \$50,000 for future configuration and furniture of 3 conference rooms; and 10% for incidentals, to include but not limited to: internal signage, Muzak relocation, temporary moving services, additional cleaning services, etc. Total project cost is estimated to be \$331,867. \$175,000 in funds have already been transferred from bluesheet #20060159 (2/28/06 agenda), so an additional \$156,867 in funds from reserves is requested at this time.

What Action Accomplishes: Provides workstations and a more efficient work flow to accommodate additional staff hired over the last two years for the record number of building inspections, and additional code enforcement.

Management Recommendation: Approve

Background: The explosive permit growth, and resulting increased building inspections, have required adding 24 more Inspector positions since 10/1/05. This requires a total reconfiguration of the existing second floor to accommodate the additional staff that has been hired, once Code Enforcement moves to the third floor. Both Codes and Inspections will have some room for future expansion once the reconfiguration is complete. A counter will be added to the third floor for Code Enforcement customers, and additional cabling is needed for data services. These changes have been endorsed by the Building Industry Oversight Committee.

Upon transfer, funds will be available in accounts:

LC5241015501.50xxxx - Community Development/Building Inspections/MSBU Building Reserves/Misc. object codes, and LC5241115500.50xxxx - Community Development/Code Enforcement/Unincorporated Area MSTU/Misc. object codes

Attachment: Transfer of funds forms. (Estimates for furniture and cabling are already in the Purchasing office).
