NOW, THEREFORE, in consideration of the mutual covenants, terms and provisions contained herein, the parties hereto agree that with the mutual acceptance of this Agreement as indicated hereinafter by the execution of this Agreement by both parties that a Contract shall exist between both parties consisting of:

ARTICLE 1.00 - SCOPE OF PROFESSIONAL SERVICES

CONSULTANT hereby agrees to provide and perform the professional services required and necessary to complete the services and work as set forth EXHIBIT "A", entitled "SCOPE OF PROFESSIONAL SERVICES", which EXHIBIT "A" is attached hereto and made a part of this Agreement.

ARTICLE 2.00 - DEFINITIONS

The following definition of terms associated with this Agreement is provided to establish a common understanding between both parties to this Agreement as to the intended usage, application, and interpretation of such terms pertaining to this Agreement.

2.01 COUNTY

The term COUNTY shall refer to the Board of County Commissioners of Lee County, a political subdivision of the State of Florida, and any official and/or employees thereof who shall be duly authorized to act on the COUNTY'S behalf relative to this Agreement.

2.02 CONSULTANT

The term CONSULTANT shall refer to the individual or firm offering professional services which by execution of this Agreement shall be legally obligated, responsible, and liable for providing and performing any and all of the services, work and materials, including services and/or work of sub-consultants and subcontractors, required under the covenants, terms and provisions contained in this Agreement and any and all Change Orders thereto.

2.03 PROFESSIONAL SERVICES

The term PROFESSIONAL SERVICES shall refer to all of the services, work, materials and all related professional, technical and administrative activities which are necessary to be provided and performed by the CONSULTANT and its employees and any and all sub-consultants and subcontractors the CONSULTANT may engage to provide, perform and complete the services required pursuant to the covenants, terms and provisions of this Agreement.

The term CHANGE ORDER shall refer to a written document, CHANGE ORDER AGREEMENT, executed by both parties to this Agreement setting forth and authorizing changes to the agreed upon Scope of Professional Services and Tasks, Compensation and Method of Payment, Time and Schedule of Performance, or Project Guidelines and Criteria as such were set forth and agreed to in the initial AGREEMENT, SUPPLEMENTAL TASK AUTHORIZATION(S), or previous CHANGE ORDERS issued thereto. The CHANGE ORDER document, which shall be executed on a Lee County standard form, shall set forth the authorized changes to the: scope of professional services, tasks, work or materials to be performed or provided by the CONSULTANT; the compensation and method of payment; the schedule or time period for performance and completion, and the guidelines, criteria and requirements pertaining thereto.

The amount of the change in contract compensation and time set forth in any and all Change Orders executed and issued under this Agreement shall be understood and agreed by both Parties to this Agreement to be fair, equitable, adequate and complete. The changed compensation shall be understood and agreed to be the total of all costs associated with or impacted by the Change Order including, but not limited to any and all direct costs, indirect costs and associated costs which may result from or be caused by the Change Order, and shall be understood and agreed to include a fair, equitable and adequate adjustment to cover the CONSULTANT'S general administrative and overhead costs and profit.

Such a unilaterally issued Change Order shall set forth, if appropriate, (1) an agreement by both the COUNTY and the CONSULTANT establishing changes in the amount of compensation to be paid the CONSULTANT as a result of the deletion or decrease in services required, or (2) in the absence of such an agreement concerning compensation, the unilaterally issued Change Order shall set forth the basis to be used in subsequently considering, and reaching agreement on change(s) in the compensation to be paid the CONSULTANT. The failure on the part of the CONSULTANT to execute a Change Order issued unilaterally by the COUNTY to effect a deletion or decrease in the services required shall have no effect on, or otherwise prevent the COUNTY from exercising its rights to direct the stated deletion or decrease in the services to be provided or performed by the CONSULTANT.

2.11 SUPPLEMENTAL TASK AUTHORIZATION

The term Supplemental Task Authorization as used refers to a written document executed by both parties to an existing Professional Services Agreement, or Service Provider Agreement, setting forth and authorizing a limited number of Professional Services, tasks, or work. The PROJECT MANAGER is not authorized to, and shall not, issue any verbal, or written, request or instruction to the CONSULTANT that would have the effect, or be interpreted to have the effect, of modifying or changing in any way whatever the: (1) Scope of Services to be provided and performed by the CONSULTANT; (2) The time the CONSULTANT is obligated to commence and complete all such services; (3) The amount of compensation the COUNTY is obligated or committed to pay the CONSULTANT. 2.14 LUMP SUM FEE(S)

Lump Sum Fee(s), hereinafter identified as L.S., are understood and agreed to include all direct and indirect labor costs, personnel related costs, overhead and administrative costs, costs of sub-consultant(s) and/or subcontractor(s), out-of-pocket expenses and costs, professional service fee(s) and any other costs or expenses which may pertain to the services and/or work to be performed, provided and/or furnished by the Consultant as may be required and/or necessary to complete each and every task set forth in the Scope of Professional Services, Exhibit "A", or as may be set in subsequent Supplemental Task Authorizations, and/or Change Orders agreed to in writing by both parties to this Agreement.

2.15 NOT-TO-EXCEED FEE(S)

When all, or any portion, of the CONSULTANT'S compensation to provide and perform the services and work necessary and required pursuant to the Tasks set forth in Agreement Exhibit "A", and any Change Orders, Supplemental Task Authorizations, and Work Orders authorized thereto, is established to be made on a NOT-TO-EXCEED (N.T.E.) amount basis, it is mutually understood and agreed that such compensation for each completed Task shall be made on the following basis:

For the actual hours necessary, required and expended by the CONSULTANT'S professional and technical personnel, multiplied by the applicable hourly rates for each classification or position as set forth in Attachment No. 1 to Exhibit "B" to the above referenced Agreement and any Change Orders or Supplemental Task Authorizations authorized thereto; and

For the actual necessary, required and expended non-personnel reimbursable expenses and costs, multiplied by the applicable "Basis of Charges" for each item as set forth in Attachment No. 2 to Exhibit "B" to the above referenced Agreement and any Change Orders or Supplemental Task Authorizations authorized thereto; and

With the understanding and agreement that the COUNTY shall pay the CONSULTANT for all such costs and expenses within the established Not-to-Exceed amount for each Task or Sub-Task subject to the CONSULTANT presenting an itemized and detailed invoice with appropriate supporting documentation attached thereto to show evidence satisfactory to the COUNTY covering all such costs and expenses; and

With the understanding and agreement that the CONSULTANT'S invoices and all payments to be made for all Not-to-Exceed amounts shall be subject to the review, acceptance and approval of the COUNTY; and

With the understanding and agreement that when the CONSULTANT'S compensation is established on a Not-to-Exceed basis for a specific Task(s) or Sub-Task(s) the total amount of compensation to be paid the CONSULTANT to cover all personnel costs, non-personnel reimbursable expenses and costs, and Sub-Consultant and SubContractor costs for any such specific Task(s) or Sub-Task(s) shall not exceed the amount of the total Not-to-Exceed compensation established and agreed to for each specific Task(s) or Sub-Task(s). In the event the amount of compensation for any Task(s) or Sub-Task(s) to which the CONSULTANT is entitled on the Not-to-Exceed basis set forth above is determined to be necessary, required and actually expended and is determined to be actually less than the Not-to-Exceed amount established for the specific Task or Sub-Task, it is understood and agreed that any unexpended amount under a specific Task or Sub-Task may not be used, applied, transferred, invoiced or paid for services or work provided or performed on any other Task(s) or Sub-Task(s).

The obligations of the CONSULTANT with respect to all the BASIC SERVICES and ADDITIONAL SERVICES authorized pursuant to this Agreement shall include, but not be limited to, the following:

3.01 LICENSES

The CONSULTANT agrees to obtain and maintain throughout the period this Agreement is in effect all such licenses as are required to do business in the State of Florida and in Lee County, Florida, including, but not limited to, licenses required by the respective State Boards and other governmental agencies responsible for regulating and licensing the professional services provided and performed by the CONSULTANT pursuant to this Agreement.

3.02 PERSONNEL

(1) QUALIFIED PERSONNEL

(2) CONSULTANT'S PROJECT DIRECTOR

The CONSULTANT'S Project Director shall be authorized and responsible to act on behalf of the CONSULTANT with respect to directing, coordinating and administering all aspects of the services to be provided and performed under this Agreement thereto. The CONSULTANT'S Project Director shall have full authority to bind and obligate the CONSULTANT on any matter arising under this Agreement unless substitute arrangements have been furnished to the COUNTY in writing. The CONSULTANT agrees that the Project Director shall devote whatever time is required to satisfactorily direct, supervise and manage the services provided and performed by the CONSULTANT throughout the entire period this Agreement is in effect. The person selected by the CONSULTANT to serve as the CONSULTANT'S Project Director shall be subject to the prior approval and acceptance of the COUNTY.

(3) REMOVAL OF PERSONNEL

The CONSULTANT agrees, within thirty (30) calendar days of receipt of a written request from the COUNTY, to promptly remove and replace the CONSULTANT'S Project Director, or any other personnel employed or retained by the CONSULTANT, or personnel of the sub-consultant(s) or subcontractor(s) engaged by the CONSULTANT to provide and/or perform services and/or work pursuant to the requirements of this Agreement, who the COUNTY shall request, in writing, be removed, which request

3.03 TIMELY ACCOMPLISHMENT OF SERVICES

The timely performance and completion of the required services, work and materials is vitally important to the interests of the COUNTY. Time is of the essence for all of the duties and obligations contained in this Agreement thereto. The COUNTY may suffer damages in the event that the CONSULTANT does not accomplish and complete the required services in a timely manner. The CONSULTANT agrees to employ, engage, retain and/or assign an adequate number of personnel throughout the period of this Agreement so that all BASIC SERVICES and ADDITIONAL SERVICES will be provided, performed and completed in a timely and diligent manner throughout.

3.04 STANDARDS OF PROFESSIONAL SERVICE

The work and/or services to be provided and/or performed by the CONSULTANT and by any Sub-Consultant(s) and/or SubContractor(s) engaged by the CONSULTANT as set forth in the Scope of Professional Services, Exhibit "A", shall be done in accordance with the generally accepted standards of professional practice and in accordance with the laws, rules, regulations, ordinances, codes, policies, standards or other guidelines issued by those governmental agencies which have jurisdiction over all or a portion of this project and which are in effect at the time the COUNTY approves this Agreement, or which may subsequently be changed or revised. Any subsequent change or revision to such laws, rules, regulations, ordinances, codes, policies, standards or other guidelines which requires the CONSULTANT to provide and/or perform work and/or services which are significantly different from that set forth in the Scope of Professional Services, Exhibit "A", shall serve as a basis for the COUNTY to consider the development and issuance of a Change Order to provide for a change to, or Additional Services to the services set forth in the Agreement.

3.05 CORRECTION OF ERRORS, OMISSIONS OR OTHER DEFICIENCIES

(1) RESPONSIBILITY TO CORRECT

The CONSULTANT agrees to be responsible for the professional quality, technical adequacy and accuracy, timely completion, and the coordination of all data, studies, surveys, designs, specifications, calculations, estimates, plans, drawings, construction documents, photographs, reports, memoranda, other documents and instruments, and other services, work and materials performed, provided, and/or furnished by CONSULTANT or by any sub-consultant(s) and/or subcontractor(s) retained or engaged by the CONSULTANT pursuant to this Agreement. The CONSULTANT shall, without additional compensation, correct or revise any errors, omissions or other deficiencies in such data, studies, surveys, designs, specifications, calculations, estimates, plans, drawings, construction documents and instruments, and other services, work and materials resulting from the negligent act, errors or omissions or intentional misconduct of CONSULTANT or any sub-consultant(s) or subcontractor(s) engaged by the CONSULTANT.

(2) COUNTY'S APPROVAL SHALL NOT RELIEVE CONSULTANT OF RESPONSIBILITY

Neither review, approval, or acceptance by the COUNTY of data, studies, surveys, designs, specifications, calculations, estimates, plans, drawings, construction documents, photographs, reports,

(2) COUNTY'S APPROVAL SHALL NOT RELIEVE CONSULTANT OF RESPONSIBILITY
(Continued)

CONSULTANT, or any sub-consultant(s) or subcontractor(s) engaged by the CONSULTANT, shall in any way relieve CONSULTANT of responsibility for the adequacy, completeness and accuracy of its services, work and materials and the services, work and materials of any and all sub-consultants and/or subcontractors engaged by the CONSULTANT to provide and perform services in connection with this Agreement. Neither the COUNTY'S review, approval or acceptance of, nor payment for, any of the CONSULTANT'S services, work and materials shall be construed to operate as a waiver of any of the COUNTY'S rights under this Agreement, or any cause of action it may have arising out of the performance of this Agreement.

3.06 LIABILITY

(1) CONSULTANT TO HOLD COUNTY HARMLESS

The CONSULTANT shall be liable and agrees to be liable for and shall indemnify and hold the COUNTY harmless for any and all claims, suits, judgements or damages, losses and expenses including court costs and attorney's fees arising out of the CONSULTANT'S errors, omissions, and/or negligence, or those of any and all sub-consultants and/or subcontractors engaged by the CONSULTANT during the providing, performing and furnishing of services, work and materials pursuant to this Agreement and any and all Change Orders, Supplemental Task Authorizations thereto. The CONSULTANT shall not be liable to nor indemnify the COUNTY for any portions of damages arising out of any error, omission, and/or negligence of the COUNTY, its employees, agents, or representatives or third parties. 3.07 NOT TO DIVULGE CERTAIN INFORMATION

CONSULTANT agrees, during the term of this Agreement, not to divulge, furnish or make available to any third person, firm, or organization, without COUNTY'S prior written consent, or unless incident to the proper performance of CONSULTANT'S obligations hereunder, or in the course of judicial or legislative proceedings where such information has been properly subpoenaed, any non-public information concerning the services to be rendered by CONSULTANT or any sub-consultant(s) or subcontractor(s) pursuant to this Agreement. CONSULTANT shall require all of its employees, sub-consultant(s) and subcontractor(s) to comply with the provisions of this paragraph.

3.08 CONSULTANT TO REPAIR PROPERTY DAMAGE CAUSED BY THE CONSULTANT

CONSULTANT agrees to promptly repair and/or replace, or cause to have repaired and/or replaced, at its sole cost and expense and in a manner acceptable to and approved by the COUNTY, any property damage arising out of, or caused by, the willful or negligent acts of the CONSULTANT, or of its sub-consultants and/or subcontractors. This CONSULTANT'S obligation

Date: 10/10/06

under this sub-article does not apply to property damage caused by any other Consultant or Contractor engaged directly by the COUNTY.

3.08 CONSULTANT TO REPAIR PROPERTY DAMAGE CAUSED BY THE CONSULTANT
(Continued)

The COUNTY reserves the right, should the CONSULTANT fail to make such repairs and/or replacement within a reasonable period of time, to cause such repairs and/or replacement to be made by others and for all costs and expenses associated with having such repairs and/or replacement done to be paid for by the CONSULTANT, or by the CONSULTANT reimbursing the COUNTY for all such costs and expenses.

3.09 RESPONSIBILITY FOR ESTIMATES

(1) In the event the services required pursuant to this Agreement include the CONSULTANT preparing and submitting to the COUNTY, cost estimates, the CONSULTANT, by exercise of his experience, effort, knowledge and judgment, shall develop such cost estimates as are set forth in, or as may be required under the Agreement and shall be held accountable, responsible and liable for the accuracy, completeness, and correctness of any and all such cost estimates. For purposes of the Liability Provisions of this Article only, the CONSULTANT'S estimate(s) shall be considered valid and effective for a period of six (6) months from the date of the COUNTY'S acceptance of the estimate(s).

(2) The cost estimates of CONSULTANTS or SUB-CONSULTANTS engaged by CONSULTANTS, for the appraisal or valuation of property or easements, or the estimate of damages or costs associated with the acquisition of property or easements are exempted from the provisions of Article 3.09.

(3) Cost Estimates

(A) ORDER OF MAGNITUDE ESTIMATE

This is an approximate estimate made without detailed architect/engineering data. Examples include, but are not limited to, an estimate from cost-capacity curves, an estimate using scale-up or scale-down factors, and an approximate ratio estimate. This type of estimate shall be accurate within plus fifty percent (50.0%). If the bids, as described above, fail to meet this prescribed accuracy, the cost associated with the preparation and development of the ORDER OF MAGNITUDE ESTIMATE shall be recoverable by the COUNTY.

(B) BUDGET ESTIMATE

Budget in this case applies to the COUNTY'S budget and not to the budget as a project controlled document. A budget is prepared with the use of flowsheets, layouts, and equipment details. This type of estimate shall be accurate within plus twenty-five percent (25.0%). If the bids, as described above, fail to meet this prescribed accuracy, the cost associated with the preparation and development of the BUDGET ESTIMATE shall be recoverable by the COUNTY.

(C) CONSTRUCTION COST ESTIMATE.

A construction cost estimate for purposes of this Agreement is an estimate prepared on the basis of well defined engineering/architectural data and on detailed information set forth in specifications, designs or drawings which are to be used as a basis for obtaining bids or price proposals for constructing the project. This type of estimate shall be accurate within plus or minus ten percent (10%) of the cost of the construction of the project. The accuracy and reliability of a CONSTRUCTION COST ESTIMATE is vital to the COUNTY'S interests because it may be used for such purposes as, but not limited to the following; budgeting, obtaining, allocating or obligating funds for the project; evaluating and determining the reasonableness and acceptableness of bids or price proposals for construction projects; or establishing the assessment amounts for Municipal Service Benefit Units (M.S.B.U.).

In the event the COUNTY solicits and receives bids or price proposals from contractors on a construction project based on specifications, design, drawings and a CONSTRUCTION COST ESTIMATE prepared by the CONSULTANT, and the lowest bid or price proposal, submitted by a responsive and responsible bidder or proposer, which bid or price proposal exceeds the amount of the CONSULTANT'S CONSTRUCTION COST ESTIMATE by more than the percent accuracy set forth hereinabove, the CONSULTANT shall, upon notification by the COUNTY, assume responsibility for and proceed to provide and perform the following service without additional compensation:

The CONSULTANT will, subject to the review and approval of the COUNTY, modify at its expense the specifications, design, drawings and related bidding and contract documents to the extent necessary to reduce the anticipated construction costs so that the re-solicitation of bids or price proposals will realize bids or price proposals being received that are within the range of accuracy established for the CONSTRUCTION COST ESTIMATE prepared by the CONSULTANT. Any such modifications made by the CONSULTANT shall not conflict with the functional or operational requirements established by the COUNTY for the project and set forth in the Agreement or Change Order(s) or Supplemental Task Authorization(s) issued thereto, nor shall any such modifications conflict with established rules, regulations, requirements or professional standards pertaining to the design, specifications or drawings prepared by the CONSULTANT, nor shall such modifications adversely affect the safe use or operation of the constructed project.

In the event (1) the CONSULTANT'S modification of the design, specifications, drawings and related bidding and contract documents, and (2) the re-solicitation of bids or price proposals do not result in bids or price proposals being received from a responsive and responsible bidder or proposer that are within the established percent accuracy of the CONSULTANT'S CONSTRUCTION COST ESTIMATE, the costs associated with the CONSULTANT'S preparation and development of the CONSTRUCTION

(C) CONSTRUCTION COST ESTIMATE.(Continued)

COST ESTIMATE shall be recoverable by the COUNTY by an appropriate reduction in the CONSULTANT'S invoice requesting payment for services rendered.

For determination of compliance with the accuracy requirement established for the CONSTRUCTION COST ESTIMATE prepared by the CONSULTANT, the amount of the CONSTRUCTION COST ESTIMATE submitted by the CONSULTANT shall be adjusted from the date the CONSTRUCTION COST ESTIMATE was received by the COUNTY until the date bids or price proposals are received by the COUNTY, by applying the percent change in the "20 Cities Cost Index" as published in the ENR (formerly ENGINEERING NEWS-RECORD) a McGraw-Hill, Inc. publication.

If, in response to its solicitation, the COUNTY receives less than three bids or priced proposals for a project, there is the potential that such bids or priced proposals may not be a realistic representation of the costs expected to be associated with the project. If under such circumstances, and if in the professional judgment of the CONSULTANT, the low bid or the low priced proposal received from a responsive bidder or proposer does not realistically represent the costs associated with the project, the CONSULTANT may deem it appropriate to recommend the COUNTY reject any such bid(s) or priced proposal(s). If under such circumstances the COUNTY concurs with the CONSULTANT'S recommendation and rejects the bid(s) or priced proposal(s), the COUNTY will not hold the CONSULTANT responsible to, nor will the COUNTY require the CONSULTANT to, modify the specifications, design, drawings and related bidding and contract documents as set forth hereinbefore.

3.10 PERMITS

The CONSULTANT will be responsible for preparing and submitting all required applications and other supportive information necessary to assist the COUNTY in obtaining all reviews, approvals and permits, with respect to the CONSULTANT'S design, drawings and specifications required by any governmental body having authority over the project. Any fees required for such reviews, approvals or permits will be covered by a check issued by the COUNTY and made payable to the respective governmental body upon the CONSULTANT furnishing the COUNTY satisfactory documentation of such fees. The CONSULTANT will be similarly responsible for preparing and submitting all required applications and other supportive information necessary to assist the COUNTY in obtaining any renewals and/or extensions of reviews, approvals or permits that may be required while this Agreement is in effect. The COUNTY shall, at the CONSULTANT'S request, assist in obtaining required signatures and provide the CONSULTANT with all information known to be available to the COUNTY so as to assist the CONSULTANT in the preparation and submittal of any original, renewal or extension of required reviews, approvals or permits.

3.11 ADDITIONAL SERVICES

Should the COUNTY request the CONSULTANT to provide and perform professional services for this project which are not set forth in EXHIBIT "A", the CONSULTANT agrees to provide and perform such ADDITIONAL SERVICES as may be agreed to in writing by both parties to this Agreement.

Such ADDITIONAL SERVICES shall constitute a continuation of the professional services covered under this Agreement and shall be provided and performed in accordance with the covenants, terms, and provisions set forth in this Agreement thereto.

ADDITIONAL SERVICES shall be administered and authorized as "SUPPLEMENTAL TASK AUTHORIZATIONS" or "CHANGE ORDERS" under the Agreement. The CONSULTANT shall not provide or perform, nor shall the COUNTY incur or accept any obligation to compensate the CONSULTANT for any ADDITIONAL SERVICES unless and until a written "SUPPLEMENTAL TASK AUTHORIZATIONS" or "CHANGE ORDER" shall have been agreed to and executed by both parties.

Each such "SUPPLEMENTAL TASK AUTHORIZATION" or "CHANGE ORDER" shall set forth a comprehensive, detailed description of: (1) the Scope of the ADDITIONAL SERVICES requested; (2) the basis of compensation; and (3) the period of time and/or schedule for performing and completing said ADDITIONAL SERVICES.

3.12 TRUTH-IN-NEGOTIATIONS CERTIFICATE

The COUNTY may request the CONSULTANT to execute a Truth-in-Negotiations Certificate ("Certificate"), in a form attached as EXHIBIT "F". The Certificate shall state that wage rates and other factual unit costs supporting the compensation are accurate, complete and current at the time this Agreement is executed. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the COUNTY determines the contract price was increased due to inaccurate, incomplete or non-current wage rates or other factual unit costs.

3.13 COMPLETION OF TASKS

Unless otherwise set forth in the Agreement the CONSULTANT shall be responsible for providing and performing whatever services, work, equipment, material, personnel, supplies, facilities, transportation and administrative support that are necessary and required to complete all of the tasks set forth in Agreement Exhibit "A" entitled "Scope of Professional Services" and Change Orders, and Supplemental Task Authorizations authorized. BASIC SERVICES

Section 1. GENERAL SCOPE STATEMENT

The Consultant shall provide and perform the following professional services, which shall constitute the GENERAL SCOPE of the BASIC SERVICES under the covenants, terms, and provisions of this PROFESSIONAL SERVICES AGREEMENT or SERVICE PROVIDER AGREEMENT:

Preparation of base plans, site review, design and construction documents for planting and irrigation, preparation of permit applications, FDOT coordination, outdoor advertising coordination, services during bidding and project construction

Section 2. TASKS

Pursuant to the GENERAL SCOPE of the BASIC SERVICES stated herein above, the CONSULTANT shall perform all services and/or work necessary to complete the following task(s) and/or provide the following item(s) which are enumerated to correspond to the task(s) and/or items set forth in EXHIBIT "B" entitled "COMPENSATION AND METHOD OF PAYMENT".

PROJECT PHASE I:

The Consultant will apply the following scope of services and tasks to approximately 5 miles of roadway along US 41 from Jamaica Bay to San Carlos Drive.

Task #1 - Base Plan Preparation

- 1.1 Consultant will create new or use existing computer files if available for the base plans on this project. This may not apply to older project base plans and should be established with the project manager prior to executing a contract. The drawings and computer files will be in a format acceptable to Lee County Department of Transportation (DOT) and Florida Department of Transportation District Landscape Manager (FDOT), and will become the property of DOT for its use on future projects upon completion. The base plans shall be prepared in a manner that can be plotted or reproduced at a scale acceptable to DOT. The base plans shall include the following roadway functions if information is existing in the file or can be readily observed in the field: roadway geometry, centerline survey with 100' station marks and numbers, curbing and curb type, edge of pavement, anticipated future travel lanes, berms, sidewalks/bikepaths, signs, pole locations for signals and lighting, equipment boxes, retention/detention ponds, utilities, right-of-way lines, clear zones, design and posted speeds, grading, existing plant material, and other pertinent elements.

Task # 2 - Site Investigation

- 2.1 Consultant will review all base map information and the project site. The base plans shall then be revised to include any changes from the base map information to existing visible on-site conditions.
- 2.2 Consultant will review the entire project site, and perform an analysis of the existing site features, adjacent land uses, and potential water and power sources. The median openings and roadway intersections shall be considered for sight distance and visibility conflicts with both vehicles and pedestrians during planting design. The consultant's analysis shall include considerations for FDOT design and maintenance requirements. The analysis shall also include recommendations that may be valuable in reducing maintenance and safety concerns for maintenance workers.
- 2.3 Consultant will review and adhere to design guidelines pertinent to this specific project and segment of roadway. This shall include the latest edition of the following: "LeeScape", Lee County Roadway Landscape Master Plan; "Florida Highway Landscape Guide", "Utility Accommodation Manual", "Manual of Minimum Standards for Design, Construction, and Maintenance for Streets and Highways" by FDOT. This may also include Florida Administrative Code Rule 14-40, "Roadway and Traffic Design Standards", and "Plan Preparation Manuals" by FDOT, including the preparation of a Tabulation of Quantities sheet for each construction document submittal according to the latest revision to Roadway Design 01-2000, Form 625-000-02 and "A Policy on Geometric Design of Highways and Streets, American Association of State Highway and Transportation Officials" (AASHTO).
- 2.4 Consultant shall produce and submit to LDOT and FDOT a letter size report of the Outdoor Advertising Database of billboards for this segment of roadway. That report shall include billboard location, size, height above roadway pavement, tag number, owner information and contact details, and conforming status of all billboards.
- 2.5 Consultant shall have a preliminary meeting with LDOT and FDOT to confirm design approach.

Task # 3 – 30% Conceptual Design:

Date: 10/10/06

- 3.1 Consultant will prepare two design concepts that will illustrate two different types of roadway segments (if applicable). One segment should be an intersection and the other a typical linear section of the roadway. Both design concepts will indicate a recommended enhanced level plant palette for the corridor (generally, medians only, coordinate exact locations with LDOT project manager), including; plant spacing, and plant group spacing. Plant selections must be suitable for their location, climate, maintenance, and budget considerations. Each of the design concepts should be based on site analysis performed in task 2.2. Plant symbols shall be drawn to scale and sized according to the mature plant size for plants grown under similar physiological conditions as shown on the *DOT Plant Symbol Reference*.
- 3.2 One set of the two design concepts, corridor plant palette, and an outline of the anticipated drawing package, proposed scale, symbol sizes, and sheet layouts will be submitted to LDOT staff for review in 11"X17" format at a clearly visible/readable scale.
- 3.3 Consultant will meet with (LDOT) staff to review the concepts and resolve issues and questions.
- 3.4 The design consultant will then make the agreed modifications and prepare the design concepts in color, showing plan and elevation or perspective views in a video format such as slides or PowerPoint. The 11"X17" reproductions of the video format will be at a clearly visible/readable scale and delivered to the LDOT project manager as previously arranged, for inclusion in the next Lee County Roadway Landscape Advisory Committee (RLAC) agenda package and be presented by the Consultant at the scheduled RLAC meeting.
- 3.5 Consultant shall prepare graphic exhibits and attend up to two meetings as requested by DOT regarding billboard owner coordination.
- 3.6 Consultant shall send two sets of 11"x17" plans sets to LDOT. Consultant shall respond to LDOT comments with the original comment and a clearly written explanation of the remedial action taken to resolve the issue(s).

Task #4 – 60% Design Development:

- 4.1 Consultant will prepare design development drawings (60%) using LDOT's format for plan preparation and based upon project budget and comments from LDOT staff. Plans sets shall include cover sheet, plan key sheet, tabulation of quantities sheet, landscape and irrigation plans along with notes and detail sheets, maintenance of traffic plan sheets (FDOT Indexes).
- 4.2 Design concepts and plant material selections will be refined to indicate the actual placement and types of plants and other design elements. Planting plans shall include highly visible wet retention ponds. Plant sizes will be consistent with "FL Grades and Standards of Nursery Plants". Plant symbols will be drawn to scale using the symbol diameter size as shown in the *DOT Plant Symbol Reference*. Plants shall be labeled by their common name. The plant material list shall include common and botanical plant names, along with quantity, sizes, and notes. The planting plans shall be prepared in a manner that provides clear visibility for pedestrians and motorists using the corridor. At each utility the proper offset distance shall be provided per FDOT "Utility Accommodation Manual". The plans shall include a demarcation line, which clearly identifies the limits of responsibility for landscape and irrigation maintenance. This demarcation line shall be coordinated with the LDOT project manager.
- 4.3 Consultant will prepare an estimate of irrigation demand, and suggested water sources. This will include a feasibility study of available water resources suitable for irrigating the proposed plant material. The study will include wells, canals, ponds, re-use, potable water, and other available water resources. The study will evaluate the availability of electrical power sources, potential well locations and their anticipated production in gallons per minute, applicable hydraulics, suitability of water quality for proposed plant material, and cost feasibility of each resource. The study shall conclude with a recommendation of the most practical method of implementation, including both installation and operating costs over a three year time period following plant installation.
- 4.4 Consultant will prepare a detailed itemized Opinion of Probable Costs based upon the 60% Design

Development drawing package. The Opinion of Costs will include landscape and irrigation maintenance of the site from the notice-to-proceed date and running for one year after the substantial completion date to the final completion date (in landscape construction contracts, we modify the contract definitions, where the landscape and irrigation installation is completed at substantial completion, and one year later at the end of the one year maintenance period we have final inspection). The estimate will also include mowing the medians, if planted during project construction.

- 4.5 Consultant shall submit to the LDOT Project Manager for review four (4) (11"x17") sets of drawings. Consultant shall also submit the required quantity and size of drawing sets to FDOT for review, as a package with the 60% irrigation plans. All sets shall be clearly visible/readable and plotted to scale. The Consultant will submit to LDOT a continuous sheet (at the same scale as the 11"x17" plan sets) of the entire corridor that is rendered in different contrasting colors that clearly indicates the various plant types. The rendered plan shall include a color key representing the different plant types and corresponding colors. Consultant will also submit Bid Schedule and Opinion of Probable Cost to LDOT based upon 60% design development drawings. The 60% plan sets will be distributed by the Project Manager to LDOT Operations and Traffic Divisions for review comments. LDOT Operations will distribute a set of plans in the upcoming months agenda package, to the members of the Lee County Roadway Landscape Advisory Committee (RLAC) for their review.
- 4.6 Consultant will present the 60% Design Development Plans to the RLAC at their regular monthly meeting and record pertinent comments. The presentation should be made in color video format by such means slides or PowerPoint to graphically show all proposed planting and amenity design elements along the entire roadway corridor. The presentation format shall be at a viewable scale appropriate for presentation in the room where the committee meets. The RLAC normally meets the first Tuesday of each month at 6:00 p.m. in the CD/PW 1st floor large conference room. If the RLAC approves the plans at this meeting, the Consultant shall skip task 4.7 and proceed to task #4.8.
- 4.7 If the RLAC votes to send the plans to a Task Force Subcommittee for further review, the Consultant shall meet once with the subcommittee and review and resolve all conflicts, and record pertinent comments. The task force subcommittee will then make a recommendation to the full RLAC at their next regular meeting (if requested by the subcommittee, another presentation to the full RLAC by the Consultant will be necessary before approval).
- 4.8 After the RLAC approves the 60% plans, the Consultant shall meet with LDOT and possibly FDOT staff to discuss their project review comments on the plans. Staff and the Consultant shall then work to resolve all outstanding issues.
- 4.9 Consultant shall then begin to prepare (60%) irrigation plans based on the approved landscape design and plant material. The consultant should verify with the LDOT project manager that they are working from the current list of irrigation design parts. The irrigation plans shall show water and electrical sources and connections, system layout and sizing of piping, sleeves (HDPE pipe), wiring, and irrigation heads, valves, and controllers. Pipe shall be sized down to ¾". System design and components shall be compatible with Chapter 62-610 Florida Administrative Code – *Reuse of Reclaimed Water and Land Application*. Bubblers should be used to water trees, and drip irrigation for beds and turf when possible, with the manufacturer's recommended spacing on the emitters and tubing. Irrigation system design shall include the two-wire system for valves and controllers and provide head-to-head coverage on spray heads and rotor zones. Pop-up spray heads shall be 12", placed 18" from the edge of pavement. The system shall be designed in a manner that will avoid wetting the adjacent pavement. Bubblers, drip, spray heads, and rotors should be designed to run on separate zones. Mainlines and wires shall be located on the south and west sides of the applicable median or roadside 3'-5' from the narrowest anticipated future back-of-curb or edge-of-pavement. Consultant shall submit to the LDOT Project Manager for review four (4) 11"x17" size sets of drawings. All sets shall be plotted to a clearly visible/readable scale. Consultant shall also submit the required quantity and size of drawing sets to FDOT for review.
- 4.10 Consultant shall prepare a cover letter acceptable to LDOT and FDOT, to mail with an 11"x17" plan set to all utility companies and billboard companies with services within the project limits. The letter will request a plan review by the utility company, and a return letter indicating that the utility company does not take exception to the proposed improvements. Copies of all cover letters sent, and responses received by the Consultant, will be provided to the LDOT and FDOT Project Managers. Consultant shall prepare graphic exhibits and attend up to two meetings as requested by LDOT regarding billboard owner coordination. The Consultant and Project Manager will discuss a solution to all known conflicts indicated by the utility and billboard companies, and the Consultant will modify the plans accordingly.

- 4.11 The Consultant will prepare and submit all permit applications, pay all permit fees, and obtain all permits and/or approvals necessary for construction on DOT's behalf. This may include permits from Water Use Permit from SFWMD, FDOT Permit-Ready Drawings, and NPDES permit.
- 4.12 Consultant shall respond to DOT and FDOT comments with the original comment and a clearly written explanation of the remedial action taken to resolve the issue(s).

Task #5 – 90% Construction Documents:

- 5.1 Based upon FDOT and DOT staff approval of 60% Design Development Drawings and Opinion of Cost, Consultant will prepare Construction Documents (90%). Construction documents shall include adjustments for staff comments, utility company conflicts, and the following:
- a. Cover sheet: with project name and limits, location map, length of project, utility contact information, call Sunshine information, sheet index, design and posted speed limit(s).
 - b. Key sheet: showing the location of each individual landscape and irrigation plan sheet along the entire roadway corridor including certain cross streets for easy cross reference.
