# Plant Species List for Billy Creek Preserve Scientific and Common names from this list were obtained from Wunderlin 2003

| Caiantifia Nama  | Common Name  | Native Status   | FDDC         | FDACC | IDC | TALAL |
|--|--|---|--------------|-------|-----|-------|
| Scientific Name Family: Blechnaceae (midsorus fern)  | Common Name  | Native Status   | EPPC         | FDACS | IRC | FNAI  |
| Blechnum serrulatum  | swamp fern   | native  |              |       |     |       |
| Woodwardia areolata  | netted chain fern  | native  |              |       | CI  |       |
| Family: Nephrolepidaceae (sword fern)  |  |   |              |       |     |       |
| Nephrolepis exaltata   | wild Boston fern   | native  |              |       |     |       |
| Family: Osmundaceae (royal fern) Osmunda regalis var. spectabilis  | royal fern   | native  |              | CE    | R   |       |
| Family: Pteridaceae  | Toyar Terri  | Hative  |              | OL    | 11  |       |
| Acrostichum danaeifolium   | giant leather fern   | native  |              |       |     |       |
| Pteris tripartita  | Giant brake fern   | exotic  |              |       |     |       |
| Family: Thelypteridaceae (marsh fern)  |  |   |              |       |     |       |
| Thelypteris palustris var. pubescens   | marsh fern   | native  |              |       | R   |       |
| Family: Cupressaceae (cedar) Taxodium distichum  | bald-cypress   | native  |              |       |     |       |
| Family: Pinaceae (pine)  | balu-cypress   | Hative  |              |       |     |       |
| Pinus elliottii var. densa   | south Florida slash pine   | native  |              |       |     |       |
| Family: Alismataceae (water plantain)  |  |   |              |       |     |       |
| Sagittaria latifolia   | broadleaf arrowhead  | native  |              |       |     |       |
| Family: Asparagaceae   | howatring hamp, mather in lawle tengue   | ovetio  | II           |       |     |       |
| Sansevieria hyacinthoides Family: Araceae (arum)   | bowstring hemp, mother-in-law's tongue   | exotic  | - 11         |       |     |       |
| Lemna aequinoctialis   | lesser duckweed  | native  |              |       |     |       |
| Pistia stratiotes  | water lettuce  | exotic  | I            |       |     |       |
| Family: Arecaceae (palm)   |  |   |              |       |     |       |
| Phoenix reclinata  | reclinata palm   | exotic  | II           |       | _   |       |
| Roystonea regia  | royal palm   | native  |              | Е     | R   |       |
| Sabal palmetto Serenoa repens  | cabbage palm<br>saw palmetto   | native<br>native  |              |       |     |       |
| Family: Bromeliaceae (pineapple)   | pumoto   | Hallye  |              |       |     |       |
| Tillandsia setacea   | southern needleaf airplant   | native  |              |       |     |       |
| Tillandsia usneoides   | spanish moss   | native  |              |       |     |       |
| Family: Commelinaceae (spiderwort)   |  |   |              |       |     |       |
| Commelina diffusa  | common dayflower   | exotic  |              |       |     |       |
| Family: Cyperaceae (sedge) Rhynchospora colorata   | white top/star rush  | native  |              |       |     |       |
| Cyperus ligularis  | swamp flatsedge  | native  |              |       |     |       |
| Family Dioscoreaceae (yam)   |  |   |              |       |     |       |
| Dioscorea bulbifera  | air-potato   | exotic  | I            |       |     |       |
| Family: Juncaceae  |  |   |              |       |     |       |
| Juncus effusus Family: Marantaceae (arrowroot)   | soft rush  | native  |              |       |     |       |
| Thalia geniculata  | alligator flag   | native  |              |       |     |       |
| Family: Poaceae (grass)  | alligator hag  | Hativo  |              |       |     |       |
| II GIIIII I OUCCUC IGIUSSI   |  |   |              |       |     |       |

### Key

#### Florida EPPC Status

I = species that are invading and disrupting native plant communities

II = species that have shown a potential to disrupt native plant communities

## FDACS (Florida Department of Agriculture and Consumer Services)

E = Endangered

T = Threatened

CE = Commercially Exploited

#### IRC (Institute for Regional Conservation)

CI = Critically Imperiled

I = Imperiled

R = Rare

## FNAI (Florida Natural Areas Inventory)

G= Global Status T= Threatened

CE= Commercially Exploited

- 1= Critically imperiled because of extreme rarity (5 or fewer occurrences or less than 1000 individuals) or because of extreme vulnerbility to extinction due to some natural or man-made factor.
- 2= Imperiled because of rarity (6 to 20 occurrences or less than 3000 individuals) or because of vulnerbility to extinction due to some natural or man-made factor.
- 3= Either very rare and local throughout its range (21-200 occurences or less than 10,000 individuals) or found locally in a restricted range or vulnerable to extinction from other factors.
- 4= Apparently secure
- 5= Demonstrably secure
