In the event the materials and/or services supplied to the County are found to be defective or do not conform to specifications, the County reserves the right to cancel the order upon written notice to the seller and return such product to the seller at the seller's expense.

3. **SUBSTITUTIONS**

Whenever in these specifications a brand name or make is mentioned, it is the intention of the County only to establish a grade or quality of materials and not to rule out other brands or makes of equal quality. However, if a product other than that specified is bid, it is the vendor's responsibility to name such product with his bid and to prove to the County that said product is equal to the product specified. Lee County **shall** be the sole judge as to whether a product being offered by the bidder is actually equivalent to the one being specified by the detailed specifications. (Note: This paragraph does not apply when it is determined that the technical requirements of this solicitation will require a specific product only, as stated in the detailed specifications.)

Lee County will pay those taxes for which it is obligated, or it will provide a Certificate of Exemption furnished by the Department of Revenue. All contractors or bidders should include in their bid all sales or use taxes, which they will pay when making purchases of material or subcontractor's services.

8. **LEE COUNTY BID PROTEST PROCEDURE**

Any contractor/vendor/firm that has submitted a formal bid/quote/proposal to Lee County, and who is adversely affected by an intended decision with respect to the award of the formal bid/quote/proposal, must file a written "Notice of Intent to File a Protest" with the Lee County

Procurement Management Director not later than seventy-two (72) hours (excluding Saturdays, Sundays and Legal Holidays) after receipt of the County's "Notice of Intended Decision" with respect to the proposed award of the formal bid/quote/proposal.

The "Notice of Intent to File a Protest" is one of two documents necessary to perfect Protest. The second document is the "Formal Written Protest", both documents are described below.

The "Notice of Intent to File a Protest" document must state all grounds claimed for the Protest, and clearly indicate it as the "Notice of Intent to File a Protest". Failure to clearly indicate the Intent to file the Protest shall constitute a waiver of all rights to seek any further remedies provided for under this Protest Procedure.

The "Notice of Intent to File a Protest" shall be received ("stamped in") by the Procurement Management Director or Public Works Director not later than Four o'clock (4:00) PM on the third working day following the day of receipt of the County's Notice of Intended Decision.

The affected party shall then file its Formal Written Protest within ten (10) calendar days after the time for the filing of the Notice of Intent to File a Protest has expired. Except as provided for in the paragraph below, upon filing of the Formal Written Protest, the contractor/vendor/firm shall post a bond, payable to the Lee County Board of County Commissioners in an amount equal to five percent (5%) of the total bid/quote/proposal, or Ten Thousand Dollars (\$10,000.00), whichever is less. Said bond shall be designated and held for payment of any costs that may be levied against the protesting contractor/vendor/firm by the Board of County Commissioners, as the result of a frivolous Protest.

A clean, Irrevocable Letter of Credit or other form of approved security, payable to the County, may be accepted. Failure to submit a bond, letter of credit, or other approved security simultaneously with the Formal Written Protest shall invalidate the protest, at which time the County may continue its procurement process as if the original "Notice of Intent to File a Protest" had never been filed.

Any contractor/vendor/firm submitting the County's standard bond form (CMO: 514), along with the bid/quote/proposal, shall not be required to submit an additional bond with the filing of the Formal Written Protest.

The Formal Written Protest shall contain the following:

- County bid/quote/proposal identification number and title.
- Name and address of the affected party, and the title or position of the person submitting the Protest.
- A statement of disputed issues of material fact. If there are no disputed material facts, the Formal Protest must so indicate.
- A concise statement of the facts alleged, and of the rules, regulations, statutes, or constitutional provisions, which entitle the affected party to relief.
- All information, documents, other materials, calculations, and any statutory or case law authority in support of the grounds for the Protest.

- A statement indicating the relief sought by the affected (protesting) party.
- Any other relevant information that the affected party deems to be material to Protest.

Upon receipt of a timely filed “Notice of Intent to File a Protest”, the Procurement Management Director or Public Works Director (as appropriate) may abate the award of the formal bid/quote/proposal as appropriate, until the Protest is heard pursuant to the informal hearing process as further outlined below, except and unless the County Manager shall find and set forth in writing, particular facts and circumstances that would require an immediate award of the formal bid/quote/proposal for the purpose of avoiding a danger to the public health, safety, or welfare. Upon such written finding by the County Manager, the County Manager may authorize an expedited Protest hearing procedure. The expedited Protest hearing shall be held within ninety-six (96) hours of the action giving rise to the contractor/vendor/firm’s Protest, or as soon as may be practicable for all parties. The “Notice of Intent to File a Protest” shall serve as the grounds for the affected party’s presentation and the requirements for the submittal of a formal, written Protest under these procedures, to include the requirement for a bond, shall not apply.

The Dispute Committee shall conduct an informal hearing with the protesting contractor/vendor/firm to attempt to resolve the Protest, within seven working days (excluding Saturdays, Sundays and legal holidays) from receipt of the Formal Written Protest. The Chairman of the Dispute Committee shall ensure that all affected parties may make presentations and rebuttals, subject to reasonable time limitations, as appropriate. The purpose of the informal hearing by the Dispute Committee, the protestor and other affected parties is to provide an opportunity: (1) to review the basis of the Protest; (2) to evaluate the facts and merits of the Protest; and (3) to make a determination whether to accept or reject the Protest.

Once a determination is made by the Dispute Committee with respect to the merits of the Protest, the Dispute Committee shall forward to the Board of County Commissioners its recommendations, which shall include relevant background information related to the procurement.

Upon receiving the recommendation from the Dispute Committee, the Board of County Commissioners shall conduct a hearing on the matter at a regularly scheduled meeting. Following presentations by the affected parties, the Board shall render its decision on the merits of the Protest.

If the Board’s decision upholds the recommendation by the Dispute Committee regarding the award, and further finds that the Protest was either frivolous and/or lacked merit, the Board, at its discretion, may assess costs, charges, or damages associated with any delay of the award, or any costs incurred with regard to the protest. These costs, charges or damages may be deducted from the security (bond or letter of credit) provided by the contractor/vendor/firm. Any costs, charges or damages assessed by the Board in excess of the security shall be paid by the protesting contractor/vendor/firm within thirty (30) calendar days of the Board’s final determination concerning the award.

All formal bid/quote/proposal solicitations shall set forth the following statement:

“FAILURE TO FOLLOW THE BID PROTEST PROCEDURE REQUIREMENTS WITHIN THE TIMEFRAMES AS PRESCRIBED HEREIN AND ESTABLISHED BY

LEE COUNTY BOARD OF COUNTY COMMISSIONERS, FLORIDA, SHALL CONSTITUTE A WAIVER OF YOUR PROTEST AND ANY RESULTING CLAIMS.”

Any contractor/vendor/firm that has submitted a formal bid/quote/proposal to Lee County, and who is adversely affected by an intended decision with respect to the award of the formal bid/quote/proposal, must file a written "Notice of Intent to File a Protest" with the Lee County

Procurement Management Director not later than seventy-two (72) hours (excluding Saturdays, Sundays and Legal Holidays) after receipt of the County's "Notice of Intended Decision" with respect to the proposed award of the formal bid/quote/proposal.

The "Notice of Intent to File a Protest" is one of two documents necessary to perfect Protest. The second document is the "Formal Written Protest", both documents are described below.

The "Notice of Intent to File a Protest" document must state all grounds claimed for the Protest, and clearly indicate it as the "Notice of Intent to File a Protest". Failure to clearly indicate the Intent to file the Protest shall constitute a waiver of all rights to seek any further remedies provided for under this Protest Procedure.

The "Notice of Intent to File a Protest" shall be received ("stamped in") by the Procurement Management Director or Public Works Director not later than Four o'clock (4:00) PM on the third working day following the day of receipt of the County's Notice of Intended Decision.

The affected party shall then file its Formal Written Protest within ten (10) calendar days after the time for the filing of the Notice of Intent to File a Protest has expired. Except as provided for in the paragraph below, upon filing of the Formal Written Protest, the contractor/vendor/firm shall post a bond, payable to the Lee County Board of County Commissioners in an amount equal to five percent (5%) of the total bid/quote/proposal, or Ten Thousand Dollars (\$10,000.00), whichever is less. A clean, Irrevocable Letter of Credit or other form of approved security, payable to the County, may be accepted. Failure to submit a bond, letter of credit, or other approved security simultaneously with the Formal Written Protest shall invalidate the protest, at which time the County may continue its procurement process as if the original "Notice of Intent to File a Protest" had never been filed.

Any contractor/vendor/firm submitting the County's standard bond form (CMO: 514), along with the bid/quote/proposal, shall not be required to submit an additional bond with the filing of the Formal Written Protest.

The Formal Written Protest shall contain the following:

- County bid/quote/proposal identification number and title.
- Name and address of the affected party, and the title or position of the person submitting the Protest.
- A statement of disputed issues of material fact. If there are no disputed material facts, the Formal Protest must so indicate.
- A concise statement of the facts alleged, and of the rules, regulations, statutes, or constitutional provisions, which entitle the affected party to relief.
- All information, documents, other materials, calculations, and any statutory or case law authority in support of the grounds for the Protest.

- A statement indicating the relief sought by the affected (protesting) party.
- Any other relevant information that the affected party deems to be material to Protest.

Upon receipt of a timely filed “Notice of Intent to File a Protest”, the Procurement Management Director or Public Works Director (as appropriate) may abate the award of the formal bid/quote/proposal as appropriate, until the Protest is heard pursuant to the informal hearing process as further outlined below, except and unless the County Manager shall find and set forth in writing, particular facts and circumstances that would require an immediate award of the formal bid/quote/proposal for the purpose of avoiding a danger to the public health, safety, or welfare. Upon such written finding by the County Manager, the County Manager may authorize an expedited Protest hearing procedure. The expedited Protest hearing shall be held within ninety-six (96) hours of the action giving rise to the contractor/vendor/firm’s Protest, or as soon as may be practicable for all parties. The “Notice of Intent to File a Protest” shall serve as the grounds for the affected party’s presentation and the requirements for the submittal of a formal, written Protest under these procedures, to include the requirement for a bond, shall not apply.

The Dispute Committee shall conduct an informal hearing with the protesting contractor/vendor/firm to attempt to resolve the Protest, within seven working days (excluding Saturdays, Sundays and legal holidays) from receipt of the Formal Written Protest. The Chairman of the Dispute Committee shall ensure that all affected parties may make presentations and rebuttals, subject to reasonable time limitations, as appropriate. The purpose of the informal hearing by the Dispute Committee, the protestor and other affected parties is to provide an opportunity: (1) to review the basis of the Protest; (2) to evaluate the facts and merits of the Protest; and (3) to make a determination whether to accept or reject the Protest.

Once a determination is made by the Dispute Committee with respect to the merits of the Protest, the Dispute Committee shall forward to the Board of County Commissioners its recommendations, which shall include relevant background information related to the procurement.

Upon receiving the recommendation from the Dispute Committee, the Board of County Commissioners shall conduct a hearing on the matter at a regularly scheduled meeting. Following presentations by the affected parties, the Board shall render its decision on the merits of the Protest.

If the Board’s decision upholds the recommendation by the Dispute Committee regarding the award, and further finds that the Protest was either frivolous and/or lacked merit, the Board, at its discretion, may assess costs, charges, or damages associated with any delay of the award, or any costs incurred with regard to the protest. These costs, charges or damages may be deducted from the security (bond or letter of credit) provided by the contractor/vendor/firm. Any costs, charges or damages assessed by the Board in excess of the security shall be paid by the protesting contractor/vendor/firm within thirty (30) calendar days of the Board’s final determination concerning the award.

All formal bid/quote/proposal solicitations shall set forth the following statement:

“FAILURE TO FOLLOW THE BID PROTEST PROCEDURE REQUIREMENTS WITHIN THE TIMEFRAMES AS PRESCRIBED HEREIN AND ESTABLISHED BY

LEE COUNTY BOARD OF COUNTY COMMISSIONERS, FLORIDA, SHALL CONSTITUTE A WAIVER OF YOUR PROTEST AND ANY RESULTING CLAIMS.”

BASIS OF AWARD

The basis of award for this quote will be the responsible low Bidder meeting all specification requirements for each area.

The awarded vendor understands that the County reserves the right to adjust the number of cycles or terminate this agreement at any time as best serves the needs of Lee County.

Lee County reserves the right, at the County's discretion, to award to either one single vendor or to multiple vendors.

Lee County reserves the right, at its discretion, to limit the number of areas awarded to any single vendor to two (2). The intent of this is to ensure that vendors are able to adequately maintain the areas which they are awarded. Prior to making any future awards under other mowing quotes the County also reserves the right to consider the number of areas the vendor may have already been awarded and base future awards on the vendor's performance in maintaining what they are currently awarded.

Lee County reserves the right to reject unbalanced quotes (a quote where a normally low cost item is priced well out of the normal range).

If a segment of this quote should begin maintenance at any other time than the beginning of a monthly cycle, the first invoice for maintenance of that segment shall be paid on a pro-rated basis.

CONSUMER PRICE INDEX ADJUSTMENT

At the County's sole discretion, the contract price quoted for this service may be increased annually on the first of October. If granted, this increase would be based on the July Consumer Price Index for U.S. City Average, Wage and Clerical Workers, All Items, as published by the Bureau of Labor Statistics, Southeastern Regional Office as of the month of July for that year. Lee County will notify the vendor of the increase amount if granted. This increased amount would begin with the billing for the month of October.

The County reserves the right to accept or reject a termination notice submitted by the vendor and no such termination notice submitted by the vendor; no termination notice submitted by the vendor will become effective unless and until the vendor is notified in writing by the County of its acceptance.

If a complaint is filed with respect to the awarded vendor under this Quote/Contract, both Procurement Management and the County-Department will meet with the vendor and provide an opportunity for the vendor to resolve the issue. If the vendor fails to resolve the issue to the County's satisfaction within three months after notice of the complaint, then the County, through its Procurement Management Director, has the right and authority to terminate the vendor's services, without recourse to the vendor for payments related to the unfinished work under the contract/award. If a termination occurs under this provision, the vendor will be barred from bidding on a County project for a period of one year from the date of termination.

INITIAL SITE VISIT

Before the contractor begins any work, the contractor, a county representative, shall meet on site to clearly define the limits of mowing responsibilities and expectations, and to discuss any relevant issues.

MOWING MAINTENANCE

Contractor will provide all labor, materials, equipment, permits, and incidentals necessary to perform the following:

A, MOWING

Mow all Bahia sod areas at a height of four to five inches (4"-5") with a rotary mower. Mowing consists of nine (9) cycles: monthly, as needed to maintain an attractive, even sodded area. The mowing cycle is to be completed within four weeks. Failure to do so could result in non-payment of the invoice or a vendor complaint being filed. Please refrain from mowing sod clippings into the tree rings where possible. Avoid

damage to the tree rings as most contain irrigation tubing and bubblers. Any irrigation equipment, traffic signs, Mail boxes and utility boxes damaged by mowing or trimming will be repaired at the contractor's expense. Mowing wet grass or operating with dull blades shall be avoided. The County reserves the right to add or eliminate a cycle. The county shall contact the Contractor a minimum of one (1) week ahead of scheduled cycle for cancellation. If the Contractor feels that an extra mowing is warranted please notify the Mowing Supervisor immediately.

Any extra mowing charges submitted without prior approval will be denied.

MOWING AND EDGING CLEAN-UP.:

Roadway, curb and gutter, sidewalk and bike paths shall be blown free of clippings in conjunction with mowing and edging events. Do not leave large clumps of grass clippings in the roadways or on sidewalks. **In accordance with the Lee County Fertilizer BMP ordinance section 7, subsection G: grass clippings shall not be directed into storm drains, ditches, conveyances, water bodies, roadways or any other impervious surfaces. All curbs are to be cleaned of mulch debris with each visit to the site.**

LITTER PICK-UP AND DEBRIS REMOVAL (MOWED AREAS):

Clean-up all litter in sod areas (if applicable), and tree rings within the right of way limits during each site visit. Litter and debris shall be removed prior to mowing and any debris thrown or dragged to adjacent property or roadways by mowing operations shall be cleaned-up. Litter and debris shall be removed, and disposed of at a County approved disposal site. No litter shall be left on site after the Contractor departs. There will be no additional cost to Lee County for litter and debris disposal.

Litter and Debris is defined as foreign items within the limits of the project such as, but not limited to, palm fronds, paper, plastic, aluminum, metal, glass, and tires. etc. If an illegal dump is located (defined as: centralized piles of debris, construction materials or large items such as mattresses, or household appliances) within the limits of the project, the contractor is to contact the Landscape Maintenance Supervisor and report the event. The contractor will not be held responsible for the cleanup of illegal dumping.

EDGING (MOWED AREAS):

Edging is only performed for Arterial and Collector roads or as needed and shall be performed on quarterly basis. The edging cycle is to be completed within one week. Edging shall be performed with rigid blade edging equipment or manual hand edger leaving a clean straight edge no more than 1" back from curbs, traffic signs, tree rings, or bed areas. Weed eaters shall not be used for edging purposes particularly around the trees.

Tree rings and bed areas shall be repaired and restored when disturbed by the mowing function or by irrigation washouts, at no additional cost to the County. Any trees or shrubs damaged from errant string trimmer or careless mowing will be replaced with like size, Florida #1 grade material at the cost of the Contractor.
