RE: Guardian/Legend Equipment Sole Source Statement

Dear Gary:

In July we begin our 5th year as the exclusive and sole source distributor and supplier for Legend (formerly Guardian) multi space parking equipment in the state of Florida. Our distribution channel for this product line is presently very secure and carries a high industry rating for excellence in product supply and customer service support.

We have been delighted to supply your needs for this equipment line over the past few years...

Sincerely,

Parker Harrington
Director of Operations
